

Selected publications of the Mineralogy & Petrology Collections

1995-2004

Searle, M.P., Warren, C.J., **Waters, D.J.** and Parrish, R.R. (2004). Structural evolution, metamorphism and restoration of the Arabian continental margin, Saih Hatat region, Oman Mountains. *Journal of Structural Geology*, **26**, 451-473.

Grew, E.S., Rao, A.T., Raju, K.K.V.S., Hejny, C., Moore, J.M., **Waters, D.J.**, Yates, M.G. and Shearer, C.K. (2003). Prismatic and ferrohobomite-2N₂S in granulite-facies Fe-oxide lenses in the Eastern Ghats Belt at Venugopalapuram, Vizianagaram district, Andhra Pradesh, India: do such lenses have a tourmaline-enriched lateritic precursor? *Mineralogical Magazine*, **67**, 1081-1098.

Warren, C.J., Parrish, R.R., Searle, M.P. and **Waters, D.J.** (2003). Dating the subduction of the Arabian continental margin beneath the Semail ophiolite, Oman. *Geology*, **31**, 889-892.

Walsh, K.L. (2002). Electronic cataloguing of mineral, rock and fossil collections at the Oxford University Museum of Natural History: a simple tool both for collections management and dissemination of scientific data using the Internet. *Abstracts volume, Mineral Diversity - Research and Preservation, Second International Symposium*. Earth and Man Museum, Sofia, Bulgaria. 17.

Walsh, K.L. and Rumsey, M. (2002). Rediscovery and reassessment of the mineral chlorophaeite, illustrating the need to preserve historical petrographic collections. *Abstracts volume. Mineral Diversity - Research and Preservation, Second International Symposium*. Earth and Man Museum, Sofia, Bulgaria, 24.

Waters, D. J. and Charnley, N. R. (2002). Local equilibrium in polymetamorphic gneiss and the titanium substitution in biotite. *American Mineralogist (Holdaway issue)*, **87**, 383-396.

Waters, D. J. and Lovegrove, D. P. (2002). Assessing the extent of disequilibrium and overstepping of prograde metamorphic reactions in metapelites from the Bushveld Complex aureole, South Africa. *Journal of Metamorphic Geology*, **20**, 135-149.

Walker, C. B., Searle, M. P. and **Waters, D. J.** (2001). An integrated tectono-thermal model for the evolution of the High Himalaya in western Zaskar with constraints from thermobarometry and metamorphic modeling. *Tectonics*, **20**, 810-833.

Wain, A. L., **Waters, D. J.** and Austrheim, H. (2001). Metastability of granulites and processes of eclogitisation in the UHP region of Western Norway. *Journal of Metamorphic Geology*, **19**, 609-625.

Waters, D. J. (2001). The significance of prograde and retrograde quartz-bearing intergrowth microstructures in partially-melted granulite-facies rocks. In: Kriegsman, L. (ed.) Prograde and retrograde processes in crustal melting, *Lithos*, **56**, 97-110.

Irving, J. 2000. Introduced pollutants - the risks of treating mineral specimens with ammonia. *Natural Science Conservation Group Newsletter*, **13**, 'Ten agents of deterioration' insert, 2.

Price, M.T. 1999. From crystals to decorative rocks - the Corsi Collection in Oxford. *Crystallography News*, **69**, 54-55.

Cooke, E. H. M. and **Price, M.T.** 1998. Eyeballing coloured marbles - the Corsi Collection. *Abstracts Volume, A.S.M.O.S.I.A. 5th International Conference June 11-15, 1998*. Museum of Fine Arts, Boston.

Price, M.T. 1998. Roscoe on vanadium and Berzelius. *The Russell Society Newsletter*, **32**, 25-26.

Price, M.T. 1998. Institutional villainy and other good works. *The Russell Society Newsletter*, **33**, 30-32.

Juel-Jensen, B. and **Atkins, F.B.** 1996. The gold coinage of Aksum: New analyses. *Numismatic Circular*, **104**, 124-125.

- Price M.T.** 1996. Minerals at Oxford: The collections of the University Museum. *Acta Mineralogica-Petrographica, Szeged*, **37** (Supplementum). 102.
- Price M.T.** 1996. Standards, guidelines and training: moves to help preserve museum mineral collections in the UK. *Acta Mineralogica-Petrographica, Szeged*, **37** (Supplementum). 103.
- Atkins, F.B.** 1995. Sulphide, sulphate, phosphate and carbonate assemblages in the Oxford Clay, Cassington-Yarnton area, Oxfordshire, England. *J. Russell Soc.*, **6**(1) 41-45.
- Goulding, J. and **Price, M.T.** 1995. Well-crystallised fraipontite from Machen Quarry, Mid Glamorgan: a first Welsh locality. *J. Russell Soc.*, **6**(1) 50.
- Price, M.T.** 1995. Book review. *A mineralogy of Wales* by R.E. Bevins. *Geological Curator*, **6**: 139.
- Price, M.T.** 1995. Book review. *Eyewitness handbooks: Gemstones* by C. Hall. *Geological Curator*, **6**:139.
